SUMMER OF PLAY

Leisure and Culture Dundee (LACD) are working in partnership with Dundee City Council to provide a range of leisure activities that will help improve the wellbeing of children and young people over the summer period.

LACD will provide free access to a range of leisure attractions, such as Olympia, Camperdown Wildlife Centre and Dundee Ice Arena, which will support children and young people to reconnect with friends and peers through fun leisure activities. This provision is aimed at children and young people most likely to be experiencing continued disadvantage and who will therefore have been particularly adversely affected by the pandemic.

We will be working with community groups, schools, nurseries, charities, and other key agencies associated with the Get into Summer support, to ensure a large number of children benefit from this great opportunity.
