

There are 4 water flumes at the pool.

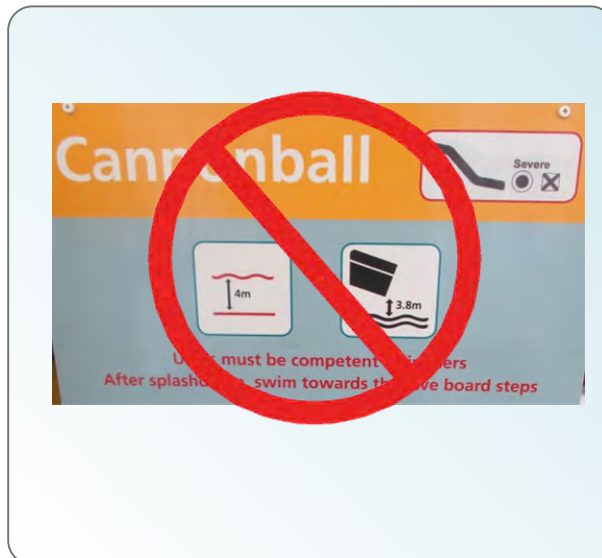

I will need to climb lots of stairs and WAIT.
Only 3 flumes will be open: the red, green
and blue flume.

There is a faster flume: the blue flume

The yellow flume will not be open

Today, at the pool, there will be 1 diving board you can use.

The two higher diving boards will be not be open

Getting Ready To Go Swimming at The Olympia

This is the way in

I will walk through here

I will go into the Changing Village

I will change in a cubicle

I will put my clothes and shoes in a locker

I will walk through the showers to get to the pool

Today, I will not use the lane pool.

When I need to leave the pool, I will see this sign:

I will leave at this gate and go back to the changing village.

There will be lifeguards at the pool who can help keep me safe.

Today, at the pool, there will be:

no music

no wave machine

no announcements

no horn

no costume dryer

no hand-dryers

There are 2 easy flumes: the **green flume** and the **red flume**

I can choose a video to watch as I go down the **green flume**

I can choose lights to watch and music to listen to as I go down the **red flume**
